

Connector straight IP65 for 15 pin D-Sub

Item No. 500290

This connector helps to integrate the DLS/FLS into machines. It fits the back end of the DLS perfectly and can be used to connect the necessary wires.

The cable diameter range which might be connected is 6 mm to 10 mm.

Content

- Connector case IP65
- 15 pin D-Sub connector
- seal ring
